BÆM Meeting on Gender, Diversity, and Human Capital

8-9 May 2025

CALL FOR PAPERS

The workshop will bring together junior and senior economists to present and discuss their research. We encourage submissions that focus on the causes and consequences of disparities – by gender, ethnicity, race, and socio-economic background – in the accumulation of knowledge, skills, and ability in education and the labor market.

Keynote speaker: [Michèle Tertilt](#) (University of Mannheim)

We also invite all participants to attend a departmental seminar by [Rebecca Dizon-Ross](#) (University of Chicago) at the School of Economics just before the workshop on May 7.

We aim to attract a diverse set of presenters in terms of career stage, gender, and country of origin.
